## Introduction to Pastoral Results

The **Pastoral Results** section (under the **Student Results** area) contains information about the student's pastoral (behavioural) performance.

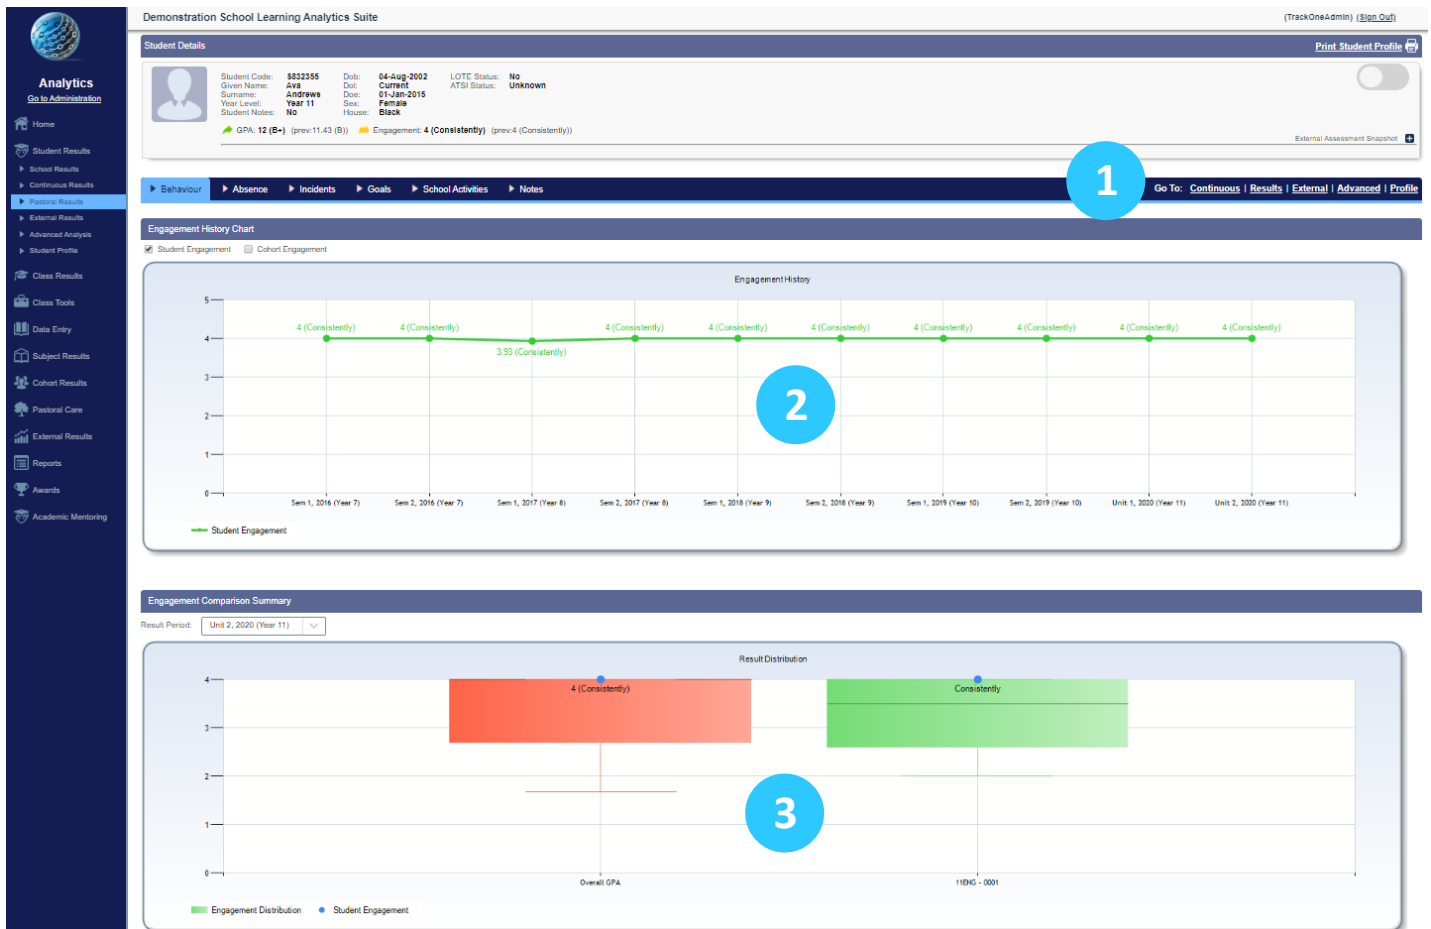

The screenshot displays the 'Demonstration School Learning Analytics Suite' interface. On the left is a vertical navigation menu with icons and labels for various sections: Analytics (Go to Administration), Home, Student Results (School Results, Continuous Results, Pastoral Results, External Results, Advanced Analysis, Student Profile), Class Results, Class Tools, Data Entry, Subject Results, Cohort Results, Pastoral Care, External Results, Reports, Awards, and Academic Mentoring. The 'Pastoral Results' option is highlighted. On the right is a horizontal navigation bar with 'Student Results' and its sub-items: School Results, Continuous Results, Pastoral Results (highlighted), External Results, Advanced Analysis, and Student Profile. The main content area is titled 'Pastoral Results - Find Student' and includes search fields for Student Code, Family Name, and Given Name, a 'Current Students' checkbox, and 'Find Student' and 'Load Student' buttons. Below this is a table of student results:

	Student Id	Yr	Surname	Given Names	DoI
➤	S235544	12	Adatschi	Thomas	Current
➤	S117557	12	Anstey	Grace	Current
➤	S869135	12	Ashworth	Hugo	Current
➤	S539435	11	Adatschi	Dexter	Current
➤	S832355	11	Andrews	Ava	Current

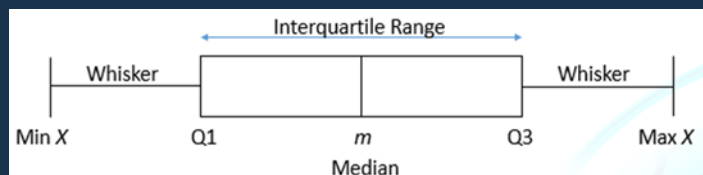

Below the table is a 'Student Details' section with a placeholder for a student profile and a list of fields: Student Code, Given Name, Surname, Parent(s), Year Level, Student Notes, and IB Student. A horizontal menu bar below this contains tabs for Behaviour, Absence, Incidents, Student Goals, Student Wellbeing, School Activities, Notes, Results (selected), External, Advanced, and Profile. At the bottom is an 'Engagement History Chart' section with checkboxes for Student Engagement and Cohort Engagement, and a label for the Engagement History.

This area may be accessed from the main menu (above) or the blue horizontal menu bar. The main menu will require the user to search for the student again, whilst the blue bar will automatically populate the page with the selected student.

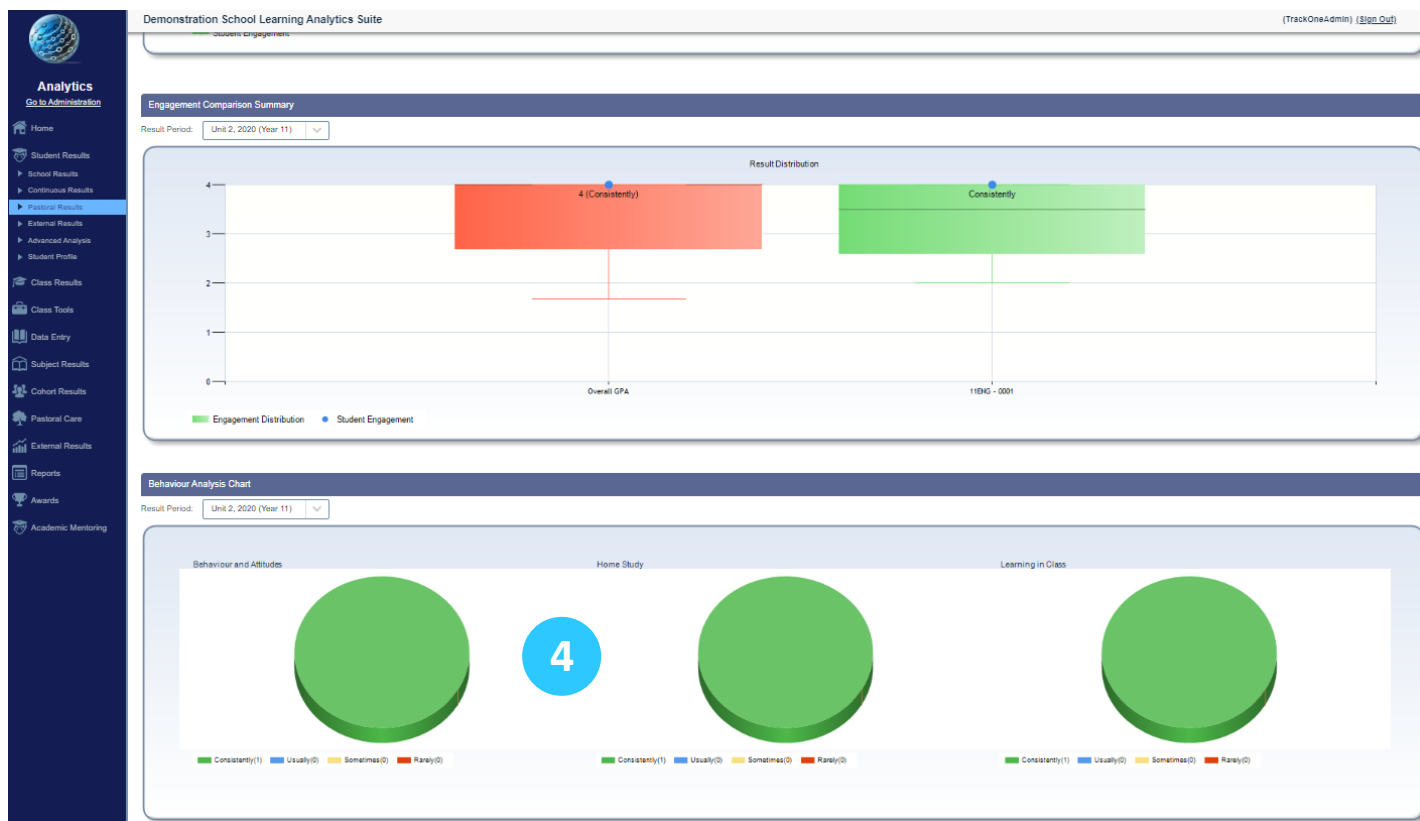

# Pastoral Results → Behaviour

1. The blue menu bar allows the user to move between areas without changing the student.
2. **Engagement History** charts the student's engagement results in a subject over time.
3. **Engagement Comparison Summary** is a Box and Whisker plot, showing the median, quartiles, range and interquartile range for a set of data values.

**Engagement Comparison Summary** plots the student's engagement position (blue dot) within each subject relative to their cohort.

4. **Behaviour Analysis** charts the number of results a student has received for each behavioural criterion. For instance, in the example above, it plots the number of teachers who reported the student's **Home Study** as '**Consistently**'.

## Pastoral Results → Absence
